Class/Seminar Teacher Evaluation

This survey requests your feedback on two separate aspects of your learning experience, split into three sections. The first section asks for your views on your teacher's class/seminar teaching. The second section asks for your views on the course as a whole *at this point in time*. Finally, the third section asks for some information about you, to aid analysis. Your views are valuable to your teacher and to the School. The results will be used to identify good practice and will also be used to help improve the teaching and learning experience for you and your peers.

The School reports internal survey results as the percentage of respondents who 'mostly agree' or 'definitely agree' with each statement, in comparison to the percentage of respondents who either 'mostly disagree' or 'definitely disagree' or 'neither agree nor disagree'. The percentage of respondents who 'mostly agree' or 'definitely agree' is the '% Agree' result. For example, the % Agree score means that X % of students on Y course mostly or definitely agree with the statement 'I have received helpful comments on my work'.

1.6 Overall, I am satisfied with the class/seminar teaching by this teacher on this course.

1.7 Please comment below on aspects of this teacher's class/seminar teaching you think were particularly helpful.

- Alberto doesn't make the content too complicated and is focused on trying to improve our understanding of the course
- Asks the class whether we are familiar with concepts the lecturer assumes we know, and explains them thoroughly if not. Also replies to emails giving tips on problem sets, making them a lot more accessible to work through.
- Going through key concepts at the start of class
- Good at explaining concepts effectively
- So great!
- Use of visual aids, e.g. ppt slides and diagrams was extremely effective. Good use of links to real life examples to aid understanding. Went the extra mile by covering difficult concepts covered in lectures again in class even if we didn't ask for clarification. Teacher is very keen and enthusiastic.
- Very good in communicating/explaining material.

1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

- Absolutely nothing.
- Clearer handwriting
- I would like teachers to mark problem sets more often (I know Alberto doesn't decide this). I would also like to be able to submit problem sets online rather than only through the pigeon hole system
- Involve more students in class discussions
- It would be helpful if we receive feedback on all problem sets or more detailed feedback.
It would also be great if all powerpoint slides used in class could be circulated (otherwise it's quite stressful having to take notes/
